

## Notification of Change in ISO Certification Body

May 2025

Dear Valued Customer:

Mercury-Tube, LLC has transitioned ISO 9001:2015 certifications from Platinum Registration, Inc. to EAGLE Registrations Inc.

Platinum Registration, Inc. notified its customers in January 2024 that it had sold its business to PRI Registrar (Performance Review Institute) and Platinum Registration, Inc. would be closing.

Mercury-Tube determined that EAGLE Registrations Inc. was a better fit to support the Mercury-Tube ISO certification needs.

Mercury-Tube completed the transfer process and initial audit in March 2025, assuring that there were no changes in Mercury-Tube's certification status as part of this transition.

Attached you will find the new Mercury-Tube ISO certificate.

Thank you for your continued partnership.

Sincerely,

Mary Burgos  
Quality Manager
